26 responses

None

Provide efficient class room facilities and technical advancement in classrooms

Teaching techniques is so excellent in tht college..
Provide some presentations, seminar, project works to improve the skill of students.

No suggestions

Better infrastructure

Teachers should also have an idea on the wide opportunities available rather than just academics and they have to transfer that to students.

∆ Adoption of advanced teaching equipments.
∆ The overall change in the university syllabus with updated version.
∆ More practical methods like study visits etc

1.Better infrastructure
2.More social groups
3.Furtherance of academic and non academic activities

1. Focus on the infrastructure development
2. Alumni network
3.students support service

All the teachers are teaching very well they all are very dedicated towards students
But the infrastructure facilities of the college is not good. In my opinion college is not developing in such things

.

*conduct placement drives, campus interview
*provide skill based, practical sessions related to chosen field
*conduct programs which relate to career growth, personality development, professional etiquette etc...

Infrastructure facilities (restroom) need to be improved

A regular PTA meeting later the internal exam is required

Ict tools & power point presentation is required

1)Institute should also provide computer knowledge to students.
2)Institute should also provide pratical knowledge (work experience) (twice in week).
3) institute should bring more training programme to mould professionals in their area.

1)The infrastructure facilities in the college should be improved.
2)Communication from the teachers about the important matters including classes conducting a particular day is need more punctuality.
3)Support from the college management for conducting various events including onam celebrations is need to be improved.

Kindly give more project and real time problem to solve. ...

Courses can be more research oriented. ...

New technology monthly updates can be given.

Would suggest for an eco friendly environment
Would suggest to provide more facilities which will be helpful for students

1.Skill based learning should be provided.
2.Students interactions via gatherings and celebrations needs to be improved.
3.

Improve infrastructure facilities , especially washroom facilities.

Improve infrastructure facilities and use more innovative techniques for learning

-

Improve teaching facil8

* Better environment
* More efforts should be provided to make students more effecient and competitive.
* Counseling sessions should be provided to improve the mental health of students

Nothing

=>Do provide more Interactive session,group activity which results in development of softskills.
=>Use real life example which gives more idea about the concepts.
=>Avoid over dependence on perticular materials.

Teaching is good. So no suggestions

I think Teachers are not friendly

More field studies needed
Lab facilities should be improved
More efforts should be there to indulge research aptitude or research interests into students

Field visits and internships should be provided.

Average

Educated and friendly teachers, learning - counseling classes, Get proper Information about course

It could be better when installing more advanced lab facilities

Good

Teachers are supportive and very helpful.Infrastructure has to be developed a little . Career counseling cell in a college should be more advantageous to the students.

Excellent classrooms
Good class of teachers
Provide pdf and study materials

Provide separate class room for final year botany students.

College infrastructure need to be improved.

Use PPTs ,improve infrastructure facilities

Nothing

Good

More hands on training by taking students to industrial visits would help to develop practical knowledge that can later on help them to pursue different career paths apart from higher studies alone.

Need more lab facilities
Need more bathrooms, drinking waterfacilities

-nothing

Need more infrastructure,ICT method learning

Most be improved girls toilet.
Make avaliable good lab fesilites and instrumentation.
Promote internship, extra activities to learn and grow about each core courses

Include more ideas for teaching.....

* Digitalize classrooms ,ie,video representations and PPT presentations.

Improving lab facilities
Increasing size of class room to get good atmosphere

Best teachers

Need more space in class

Satisfied

Fully satisfied

Conduct internship
Conduct industrial visits

Develope infrastructure of college, Apply innovative methods for improving skills of students,

Lab facilities should be improved. Effecrive teaching -learning methods should be implemented. More opportunities for students should be provided.

Introducing smart classrooms
Open ended discussions / talks

Awesome

Communication,listening,sharing the knowledge

Want much more sincerity

Good

Nothing

Promote sports promote all activities promote arts

1) Give proper notes
2) finish the syllubus before the exam 😬
3)...

Conducting debates with related subjects

Provide projectors in classroom for better learning experience

Teachers some more intract withstudents

Improve infrastructure and clssroom

good

Make classrooms digitalized
More PPT presentations need
More activities want to be conducted

Average

Always keep a bond with students it give more comfortable for students to study

No suggestion

Try to reach every Student and ask for their doubts

Use visual media to engage students well

Make teaching two way interaction

Take initiative for providing placement assistance to students

Giving satisfied notes

Well teaching and their explained all opportunities

Use visual media to engage students well
Try reach every student and ask for their doubts
Make teaching to way interaction

Communication, leadership, Willingness

Everything is fine

*make basic facility like water facilities

*Make good class rooms in students

.

We want more interesting study methods

Average teaching
Not understand
Good Teaching

1. Introduce PPT enabled teaching

1. Providing Additional classes for average students helps them to improve their learnings. 2. Should include career counselling for the students for helping them to fix their goals. 3. PPT Presentations helps the students for improving their communication skills and knowledge.

- Short notes
-Modern classes
- conducting IVs

1.economics students can learn more about the subject by visiting industrial sites

Nothing

No

Implement and try to use projecter in classrooms

Improve college facilities

More internship and externship experiences

Yes

No suggestions . satisfied with all facilities

Better placement

Give study materials,notes,reading.

Give yous students brief notes

Provide more infrastructures technically

improve the students and teachers friendship that's enought

Good

Implement ongoing professional development.
Foster collaborative learning communities.

Provide individualized support for teachers

Conducting cultural programmes
Celebrations through

Method of teaching should be improved by teacher

Give individual attention all students through students for good study term

Give some Team wrk

Technolgised class provide

WRK for socity

Overall teaching and learning is satisfying can be improved more better

Give internal mark for the average student who deserve better support..

.

Good🙂

Very enjoyed

Provide better opportunities and ideas to develop their learning abilities

Overall good

Keep going

1. Use better graphics and visual media to engage students well.
2) Try to reach every student and ask for their doubts.
3) Make teaching a two way interaction.

Very good

1.Ensure good learning environment for students.
2.Enable microphones in all classrooms.
3.Complete the lessons on time and conduct model exams to make the main exam easier.

Infrastructure development
Enhancing powerpoint presentation skills etc.
Other facilities like , bathrooms, washroom , drinking water etc.

Nil

No

I have had a very good experience
Teaching was excellent . All the notes will be told very accurately.

By conducting exams in regular time

Classroom facilities should be improve.

All good

Use better technical facilities ,Arrange different activities in class like videos,discussions etc

Should celebrate each and every literary days, prepare students to become content writers or any professional writers, give chance for students to take part in different kinds of seminars

1)To give students feature guideline councelling classes .

Development in learning facilities
Development in infrastructure
Need innovative classes

1make use of modern technology
2classroom modification

No any suggestions

Good

Make more interaction with students

Teaching facilities are too bad , class room conditions tooo,

Give enough support and aid for sports players and support them

Very well

Projector നൽകണം Hod വ്യക്തമായി പ്രവർത്തിക്കണം

Used projecter
Outside study
Definitely notes

Overall Good

Conduct internship program for all departments

Should improve the infrastructure.
Should keep an eye in all corners during a program or and exam.
Good atmosphere to understand others and maintain interactions.

Moderately okay

provide more internship and PPTs, use of ICT tools conducted by the college

Conduct internship programme for all departments

Should improve the infrastructure. Should keep an eye in all corners during a program or and exam. Good atmosphere to understand others and maintain interactions.

Much better than more for the facilities

I'm satisfied, nothing more

Improve industrial visits..

very good

College facilities
Good students
Good teachers

-

Average

College fecilities,student satisfaction

More improving

• Project based learning
• More explanation is needed
•

Teach students with sincerity

*Lack of good faculty in all aspects.
*never conduct the program for enhance the education of students.

Friendly with students

Good

No more*

Incorporate more interactive discussions and group activities and provide more opportunities for students to visit historical sites for experiential learning

Provide infrastructural development

More exposure to internship programs & industrial visit to understand the opportunities out there

Make some conferences

Scheduling of exams and college functions so that everyone could enjoy and have time to participate., Improve toilet facilities.

Never cut the attendence if he or she entered the class but not stuied the topic of that period

Normal

Good infrastructure

In my department the teaching and facilities was awesome
But I think in other department the students not getting such facilities and improved teaching,so like my department the other departments also to be improved.And the basic facilities like toilet, pad disposing and water availability are very poor.

Introduce doubt section classes, Teaching with known examples, sometimes use screens while teaching.

Infrastructure should be improved
Needed latest equipments in labs
Conduct career guiding talks and sessions

Betterment of infrastructure and basic amenities, and the college must encourage the students who are inclined towards research to attend summer internships and promote research in the college.

Improve the infrastructure
Management of exam dates
Promote efficient self learning

Provide informative sources to the students and improve students learning skills

College infrastructure should improve

Should have an active placement cell. Overall infrastructure could be better. If there is a store inside campus that would benefit students.

1. Should improve the infrastructure facilities.
2. Availability of reference books must increase. Then only each student can access it
3. Should give an idea like seminars regarding how we can reach the next level in terms of higher education or jobs.
4. Should provide net or gate coaching classes

better infrastructure and lab facilities.
more internship, projects or training programs.

Provide more infrastructures and sources to learn

use Projectors

Better if more technical properties are available.

Infrastructure and teaching aids like projector,presentation can be provided for clarification and deep learning about the topics

ICT based Classrooms
Good infrastructure and facilities
Clean toilets

Very poor infrastructure and facilities in college. Teachers and Teaching quality is the only notable highlight , everything else is disappointing .
